The NOC, NOC-A and NOC-B of the Indian Pharmacopoeia: India. Indian Journal of Pharmacy, 2010, 26(1): 1-14.. 1327 8/16/2018 5:06:42 My son has a very advanced stage of ALS We only need a child and adolescent to come up with the best ideas that I can for a child/adolescent that has been living with ALS for 2 years or more. He has a very strong mind and is able to speak well to others. He has been on ventilators so that we do not have to use medication. He was on and off for 6 years before he died! He has a beautiful smile and a full of energy personality.. The last 3 years have been very hard but he has made some very very good progress. He is also able to read well and understand complex concepts. My son was not on a ventilator to keep his feet elevated when he had seizures. He was on it for 6 years and could be seen as he was on it when he would come out of his seizures. He needs some therapy with the right people or other ways that we can go about this. All he wanted was the best care for his daughter that I could do for him.. 1409 8/16/2018 10:25:22 We are a small family practice in St. Louis, MO. This year we have 2 residents who each have advanced-stage ALS. We are an A+ program on the ALS List.
